**ILLUMINATING
LIVES**

NOVEMBER 2015

EDITOR'S DESK

The fundamental duty of a Doctor is to treat a patient in the best possible manner, with absolute honesty & commitment, ensuring wholesome healing. Now, for more than 25 years, the team at Dr. Hedgewar Hospital has been selflessly illuminating the lives of the poor and needy, by treating diseases, eradicating suffering and offering hope & care to the farmers and villagers of the Marathwada region.

Basic healthcare has reached the rural interiors of Aurangabad district, to inaccessible places, and where people cannot afford it. Innovative Social Healthcare projects are now equipping villagers in education, irrigation and natural resource management, leaving an undeniable impact on their entire eco system.

Every morning as I walk through the corridors of the hospital, I'm surprised by the zeal & the passion of the Doctors - as if it all began just yesterday. From a mere 10 bed setup to a Multi -specialty Hospital and now in the quest to becoming a Model Medical Institution, has been an awe inspiring journey to say the least, but all of this has been possible only because of your unconditional love and support. It is my deep conviction that, together, we will continue to do much more and illuminate lives like never before.

Wishing All of you a Healthy, Peaceful & Prosperous year ahead - Happy Diwali!

Dr. Anant Pandhare,
Medical Director

SCIENCE COMPASSION INTEGRITY

Dr. Hedgewar Hospital combines three fundamental values to provide holistic care to every individual seeking treatment.

Medical Science is at the foundation of the hospital, Compassion for the poor and needy is the very reason for our existence and Integrity towards self, the patient and the society at large is our dharma.

HIGHLY SUBSIDIZED TREATMENT

PATIENTS RECEIVE 100% BENEFITS
OF ALL DONATIONS RECEIVED
TOWARDS THE "POOR PATIENT'S FUND".

For families, who find it difficult even to make ends meet, exorbitant medical treatment is just out of the question.

Dr. Hegdegar Hospital offers highly concessional rates across all medical treatments. We believe in making the best medical technology accessible & affordable to the common man.

BREAKTHROUGH TECHNOLOGY

Since the inception of the Hospital, it was decided that, though we are a charitable organization, we will not compromise on our services, rather offer the best & updated medical technology to the rural population.

Today Dr. Hedgewar Hospital boasts of World Class Infrastructure, Equipment of the highest global standards and extremely skilled & committed Medical Professionals.

**TODAY DR. HEDGEWAR HOSPITAL BOASTS OF WORLD CLASS INFRASTRUCTURE,
EQUIPMENT OF THE HIGHEST GLOBAL STANDARDS AND EXTREMELY SKILLED & COMMITTED
MEDICAL PROFESSIONALS.**

PEOPLE'S HOSPITAL

Day in and out, thousands of patients benefit from the Hi-Tech facilities of Dr. Hedgewar Hospital.

It is the preferred Medical Hub for the rural population of **9 Talukas of Aurangabad**, with an average daily intake of **1100 OPD patients**. Till date **6 million** patients have been treated and the Hospital is now the trusted destination for high quality & integral medical care in the Marathwada region.

9 TALUKAS OF AURANGABAD | 1100 OPD PATIENTS | 6 MILLION PATIENTS

SLUM HEALTH CENTRE

The 3 Slum Health Centre's located in the densely populated slums of the city cater to a versatile population of nearly **25,000 per centre**.

A Doctor and his family reside in the same slum to ensure complete commitment to the well-being of the population.

From daily OPD care, to Special Clinics, Education & Skills Development Programmes and Women Upliftment Projects - the Slum Health Centre is the Life Line of the population.

RURAL DEVELOPMENT

**35 SOCIAL PROJECTS
IN NEARLY 100 VILLAGES**

Through the doorway of health care, the hospital is working extensively through 35 social projects in nearly 100 villages to build and equip the villagers.

Innovative projects have been implemented to cater to the diverse needs of Education, Financial Upliftment, Women Empowerment and Adult Literacy.

FARMER UPLIFTMENT

Dr. Hedgewar Hospital is working with partners to eradicate the suffering of farmers and their families in the drought capital of the state.

From providing Irrigation know-how, loans to 600 farmers for Drip Irrigation and creating Check Dams on defunct infrastructure – all have led to increase in crop production, financial stability and reversal of group migration to cities. Free Fodder provided at special camps held during severe drought conditions has practically eradicated the mortality of farm animals.

IRRIGATION KNOW-HOW | LOANS TO 600 FARMERS FOR DRIP IRRIGATION | CHECK DAMS

ADOLESCENT GIRL PROJECT

2000 teenage girls from 20 villages benefit from this unique and innovative project dedicated to the upliftment of village girls.

Providing specialized personality grooming, skills development, healthcare and personal guidance, this programme has seen immense success, increased school attendance, reduced early marriages and also encouraged villagers to treat their daughters with equality and respect.

2000 TEENAGE GIRLS FROM 20 VILLAGES

SKILLS DEVELOPMENT

Helping people in the slums and villages earn a living, giving new opportunities to school dropouts and providing house wives with a new sense of independence through Self Help groups has been at the core of the Skills Development Programme.

Versatile & Market Ready courses ranging from **Computer Hardware, Catering, Fashion Design, Balwadi Teacher Course** all coupled with assistance in job placement has changed the landscape of the slum & village population.

This Diwali as we recommit our lives to illuminating more and more souls who are secluded in the corners of darkness, waiting eagerly for a ray of hope, the one question that we all need to ask ourselves is " Am I doing enough?" This is the same question that we ask at the hospital whenever challenges arise & problems surface and surprisingly every time this question pops up, the obstacles seem to vanish on their own and a new surge of energy comes through, equipping us to go to the next level.

ARE WE DOING ENOUGH?

DR. HEDGEWAR RUGNALAYA

For social projects cheques to be drawn in favour of Savitribai Phule Mahila Ekatma Samaj Madal

DONATIONS TO THIS PROJECT ARE TOTALLY EXEMPTED (100%) FROM THE INCOME TAX U/S 35-A©
